**Re: Response to Objections filed in the Docket of Interstate Telecommunications Cooperative, Inc.  
(1360) Application for Discontinuance, WC Docket No. 16-381**

Dear Ms. Dortch,

Interstate Telecommunications Cooperative (ITC) provides the following response to the objections filed in the above stated docket.

ITC has reviewed the objections filed by Kevin Mottus of the California Brain Tumor Association. Mr. Mottus has simultaneously filed these same objections in multiple dockets without regard to subject matter.

Mr. Mottus does not live in ITC's service area and he is not a customer. The objections are largely based on the dangers of cell phones and provide presentations and studies that are not relevant to this proceeding.

As such, ITC respectfully requests that these comments not be considered by the Federal Communications Commission in this proceeding.

Thank you.

Sincerely,

Jerry Heiberger  
General Manager/CEO
